

AT THE WORLD UTILITY SUMMIT, BRPL' 5 S CONCEPT APPRECIATED AS AN INNOVATIVE TRANSFORMATIONAL TOOL

At the 3rd edition of the ongoing (January 20-21, 2020) World Utility Summit in Greater Noida, BRPL CEO Amal Sinha presented a paper on "Transforming Power Distribution Business through Employee Engagement". He shared insights on how, apart from technology & global partnerships, BSES employees are helping the discom transform.

At the conclave, which had representation from global industry leaders, he also shared that capacity building and skill development of the 10,000 strong work-force; along with concepts like 5 S, are helping BSES conquer evolving challenges & seize emerging opportunities.

At the event, BRPL also showcased its achievements in 5S, sustainable growth and its strategic partnerships.
