**BRPL organises virtual meetings with around 2000 RWAs**

Connecting with consumers is a responsibility, BSES takes very seriously. In continuation of these efforts, BRPL recently has launched 'BSES Aap Ke Saath' – a novel and a first of its kind's initiative in the country - by a power distribution company to organise virtual online meetings with its RWAs. Since launch of the platform around a couple of months ago, virtual meetings with around 2000 RWAs have been organised in South and West Delhi.

**BRPL Self Help Groups stitching affordable masks for the needy**

BSES promoted Women Self Help Groups are stitching affordable & reusable masks for thousands of people residing in the slums of West Delhi. These masks (10,000 & counting) are helping these women, supplement their loss of income during the pandemic. These masks are also being distributed amongst the needy and the vulnerable population.

**Follow simply tips to stay safe during the rainy season**

Much to everyone's delight, Monsoons are here again! With them, Monsoon also brings with itself, its own set of unique problems and issues due to water-logging. Chances of electricity related mishaps and incidents are especially high during the monsoon season. Simple precautions will help you stay safe and go a long way in ensuring incident free monsoons.

- Stay away from all electrical installations like electricity poles, sub-stations, transformers, streetlights etc
- Caution children not to play near them, even if they are barricaded.
- Do not touch electrical appliances with wet hands
- Keep a "Tester" at home. If a switch or a wall of your house is wet, do not touch it. First use the "tester" to check if there is an electricity leakage. If the need be, call your electrician.

**Now, go solar for just Rs 22,200\* per kW**

In a short span, BRPL has energised over 2100 rooftop solar connections – with a connected solar load of over 63 MW – in South and West Delhi. Consumers across categories, including residential and CGHS, have warmed up to roof top solar net metering in big-way. It is an ideal method to reduce electricity bills and also do your bit for the environment.

The much awaited Solar PV Rooftop Scheme under MNRE's phase 2 guidelines (with support of the Delhi Government) is now available for consumers. Now, a residential consumer can get a subsidy of upto 40% for going-solar. For details on rates and vendors & expressing your interest, please visit [www.solarbse.com](http://www.solarbse.com) and refer to the solar-booklet ([http://solarbse.com/viewFile.aspx?filename=Solar\\_booklet.pdf](http://solarbse.com/viewFile.aspx?filename=Solar_booklet.pdf)). You can also call 19123 (option 9).
