### Now you can pay your electricity bills & new connection demand note in easy EMI's

You can use your Debit / Credit Card to pay electricity bills in upto 24 months

Easy steps:

- Visit the BRPL website ([www.bsesdelhi.com](http://www.bsesdelhi.com))
- Enter the CA no to fetch the bill amount detail
- Proceed for payment – Click on the 'Pay Now' option
- Web page redirected to the 'Bill Desk' page
- Payment options like Credit Card, Debit Card, EMI, Net Banking etc appear
- Choose the EMI option - a list of banks appears
- Select the bank and the EMI plan
- Follow the steps and pay your bill

Disclaimer- This EMI facility is an arrangement between the consumer and his/her card issuing bank and BRPL has no liability in any manner whatsoever.

### For your safety and that of your loved ones, get an ELCB installed

Earth leakage can lead to electric shocks, causing serious bodily injury, which sometimes can be fatal. These shocks and mishaps can be avoided by installing an Earth Leakage Circuit Breaker (ELCB), a life saving device. It is a simple yet a very useful device that detects earth leakage, automatically tripping and disconnecting the electricity supply to the premises, thus preventing serious mishaps.

Moreover, under the DERC (Supply Code and Performance Standards) Regulations, 2017, it is mandatory for all consumers to have an ELCB installed at their premises, irrespective of the sanctioned load.
