

BRPL conferred coveted Greentech Awards for Corporate Governance and CSR

The outstanding work taking place at BRPL is increasingly recognized and appreciated by the industry, stakeholders and the peers. In the latest instance, BRPL has been adjudged as a winner for two coveted and sought after awards – 'Greentech Corporate Governance Award 2021' and 'Greentech 8th CSR India Award' for outstanding achievements in the category 'Corona Warriors'.

The award for Corporate Governance is an acknowledgement of our unstinted pursuit and adherence to the highest standards of corporate governance, as also the implementation of the best practices towards this end. On the other hand, the award for CSR recognises the extraordinary efforts of the organisation to lend a helping hand through its CSR programs to mitigate the impact on the communities impacted by the pandemic.
