For your safety and that of your loved ones, get an ELCB installed

Earth leakage can lead to electric shocks, causing serious bodily injury, which sometimes can be fatal. These shocks and mishaps can be avoided by installing an Earth Leakage Circuit Breaker (ELCB), a life saving device. It is a simple yet a very useful device that detects earth leakage, automatically tripping and disconnecting the electricity supply to the premises, thus preventing serious mishaps.

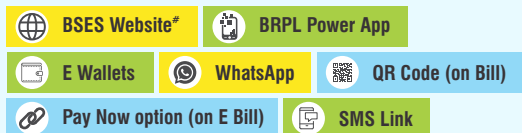

Moreover, under the DERC (Supply Code and Performance Standards) Regulations, 2017, it is mandatory for all consumers to have an ELCB installed at their premises.

IMPORTANT NOTICE!

According to DERC's recent tariff order, it is mandatory for all consumers (except Domestic, Agriculture & Mushroom Cultivation) to pay their monthly electricity bills exceeding Rs 20,000/- through digital modes w.e.f October 1, 2021*

Make payment from the comfort of your home using convenient payment options:

*Payments can be made through Net Banking (IMPS / NEFT/RTGS), BBPS, UPI QR Code and Credit / Debit Cards

*No cheque / demand draft payment will be accepted at BRPL payment counters / drop boxes / bank counters for an amount exceeding Rs 20,000/- w.e.f October 1, 2021 for the above mentioned categories.
