For Example: For a requirement of 1 MW for 15 days for 4 hours, the EMD shall be Rs. 30,000 x (15 days / 30 days) x (4 hrs / 24 hrs) = Rs. 2,500/-

The EMD shall be forfeited:

- If Bidder withdraws bid during Bid Validity Period except as provided in these guidelines.
- For non-submission of Contract Performance Guarantee by Successful Bidder(s).

The EMD shall be refunded to the unsuccessful Bidders within 10 days of expiry of Bid validity period.

The EMD of the Successful Bidder(s) shall be refunded after furnishing the Contract Performance Guarantee (CPG).

F. Contract Performance Guarantee (CPG)

- a. The Successful Bidder(s) may be required to furnish CPG within 7 days from the date of selection of Successful Bidder(s) for an amount calculated at **Rs. 2 lac** per MW per month (30 days, 24 hours) of contract period or part thereof. The CPG for the procurement of power on hourly basis shall be calculated on pro-rata basis as per the example given above for calculating EMD.
- b. The CPG shall be in the form of BG issued by any Nationalized/Scheduled Bank and valid for the period of Contract with a claim period of 1 month after the expiry of contract period.
- c. In the event, the CPG is not furnished within the stipulated date, the EMD submitted against the Notification shall be forfeited.
- d. The CPG provided by the Successful Bidder(s) shall be forfeited for nonperforming the contractual obligations. The CPG should be released within 30days after completion of Contract Period.

G. Bid Validity Period:

The offer shall remain valid till 15 days from e-RA or till the time of signing of LOA (whichever is earlier) and the Bidders shall have no right to withdraw the offer or alter any terms and conditions during the period of validity. In case the bidder withdraws or alters any terms and conditions during the period of validity, EMD submitted by the bidder may be forfeited.

H. Tariff Structure

- The Bidder shall quote the single tariff at the Delivery point i.e. BRPL periphery (BRPL Interconnection with Delhi STU) up to (3) decimals which shall include capacity charge, energy charge, trading margin (in case of Bidder being a Trader), open access charges, applicable Transmission charges & transmission losses (including Delhi SLDC Fees and Charges), Delhi STU charges all taxes and duties cess etc, imposed by Central Govt. / State Govt. / Local bodies. Tariffs shall be designated in Indian Rupees only.

- The bidder shall quote tariff at delivery point (BRPL periphery) as per latest Central Electricity Regulatory Commission (Sharing of Inter-State Transmission Charges and Losses) Regulations, 2020 / Orders regarding STOA charges & losses etc as applicable .before bid submission .
- The bidder must submit the undertaking on Notarized stamp paper regarding Tariff Declaration as per Annexure 'II' of tender specification for consideration of their bid.
- Transmission charges for STOA shall be applicable on the applicant being Seller or trader on behalf of buyer. The Successful bidders/traders would be required to apply Short Term Open Access on behalf of BRPL (beneficiary in this case is BRPL) in such a manner that separate STOA charges upto delivery point are neither to be billed to BRPL nor payable by the bidder in respect of this transaction and the same is dealt within BRPL long term Transmission Access (LTA) as per the provisions of CERC Sharing Regulations' 2020. Further, the bidders/traders should ensure that they are able to supply their contracted quantum within the supply period offered by them.
- Procurer may also provide flexibility to the Bidder(s) to bid for a part of the tendered quantity subject to a given minimum quantity.
- Successful bidder(s) shall be applying for the short term open access booking as per the latest open access Regulations / Guidelines in vogue. The successful bidder(s) shall be responsible for the delivery of power at BRPL periphery.
- The tariff should be constant and there shall be no escalation during the contractual period. If Bids are invited for different time slots then tariff may be different for each time slot.
- If the power is being supplied through alternate source, additional charges and losses if any, due to cancellation of existing corridor and booking of new corridor etc., shall be to the account of Bidders.
- Kindly note that acceptance or rejection of alternate source shall be solely at discretion of BRPL.

I. Contract Documents:

BRPL shall intimate the award of supply of power to the Bidder(s) whose bid has been accepted through a letter of award to be dispatched by e-mail/Fax. The contract shall be applicable and valid from the date of issue of the letter of award to the successful bidder(s).

J. Compliance to the terms and conditions:

The Bidders are advised to ensure that the bid is fully compliant with the requirements specified, terms and conditions contained in the Bid Document.

K. Payment of Liquidated Damages for failure to supply the Instructed Capacity:

- Both the parties would ensure that actual scheduling does not deviate by more than 15% of the contracted power as per the approved open access on monthly (requisition) basis.
- In case deviation from Procurer side is more than 15% of contracted energy for which open access has been allocated on monthly (requisition) basis, Procurer shall pay compensation at 20% of Tariff per kWh for the quantum of shortfall in excess of permitted deviation of 15% while continuing to pay open access charges as per the contract.

- In case deviation from Seller side is more than 15% of contracted energy for which open access has been allocated on monthly (requisition) basis, Seller shall pay compensation to Procurer at 20% of Tariff per kWh for the quantum of shortfall in excess of permitted deviation of 15% in the energy supplied and pay for the open access charges to the extent not availed by the Procurer.

L. Consequences on Sale of Contracted Power to Third Party without consent of the Procurer

- In case the Seller fails to offer the contracted power as per the Agreement to the Procurer and sells this power without Procurer's consent to any other party, the Procurer shall be entitled to claim damages from the Seller for an amount equal to the higher of : (a) twice the Tariff as per the PPA for the corresponding contracted power; and (b) the entire sale revenue accrued from Third Parties on account of sale of this contracted power. These damages shall be in addition to Liquidated Damages as per clause of existing tender, for failure to supply the Instructed Capacity.
- On a complaint to this effect by the Procurer to the concerned load dispatch centre, the Seller shall be debarred from participating in power exchanges and also from scheduling of this power in any short term/ medium term / long term contracts from that generating station for a period of three months from the establishment of default, in the complaint. The period of debarment shall increase to six months for second default and shall be one year for each successive default.”

M. Payment term/Payment security to be made available by the Procurer

- The Procurer shall be required to provide revolving Letter of Credit (LC) equivalent to 100% of the weekly energy corresponding to Contracted Capacity at the tariff indicated in LOA. LC shall be opened prior to commencement of supply of power.

N. Bid submission and evaluation:

1. To ensure competitiveness, the minimum number of Bidders should be at least two for each requisition. If the number of Bidders responding to the RfP is less than two, and Procurer still wants to continue with the selection process, the selection of that single Bidder may be done with the consent of the Appropriate Commission. BRPL shall constitute a Standing Committee for evaluation of the Bids.
2. The process of e-Bidding shall be conducted online, in accordance with the provisions laid herein. Each e-Bidding event shall comprise of two parts i.e. e-Tender and e-Reverse Auction. An event may have multiple requisitions (i.e. independent requirements of power at different time or places). To participate in the event each Bidder will have to specify the source(s) of power for that particular bid. Each bid will have only one price per requisition accompanied by total quantum of power, the Bidder intends to supply and minimum threshold quantum acceptable to the Bidder. However, the Bidder shall have the option to choose the requisition of an event in which it intends to participate. Each of the bid will have to be signed by the Digital Signature of the Bidder.

3. The Bidder shall use one Digital Signature to submit bid through one login and for each login the Bidder may submit only one price bid from one source. However, against each requisition the bidder have the option to bid multiple bids from separate logins either from same or different sources.
4. The process of bidding shall be conducted electronically. For this purpose, provisions like registration, log in, downloading and uploading etc. in the e-Bidding portal shall be specified in the Bid document. An event involves both e-Tender and e-Reverse auction process. Each event of the auction would require independent Digital Signature of the Bidder. An event may have requirement of power at different time and period.
5. Bidders shall be required to submit separate non financial technical Bid and Financial Bids i.e. Initial Price Offer (IPO) through e-Bidding portal. The Bidder will have the option to indicate their minimum threshold quantity and the same would be considered for allocation of power to the Bidder(s). The non financial Bids shall contain the acceptance of general terms and conditions without any deviation and information about the sources from which the Bidder shall supply the power. Bidders shall also be required to furnish necessary EMD/Bank Guarantee along with the Bids. The Bidders can revise their IPOs before date and time of submission of RfP. BRPL or its authorized representative can seek clarifications/documents required in connection with technical bid. After acceptance of the non financial technical Bids, the Financial Bids shall be opened as per the procedures specified in the Bid document.
6. The IPO shall be strictly as per the format prescribed in the RfP and shall be unconditional. The conditional price bid shall be summarily rejected.
7. In the event, if two or more Bidders quote the same amount of Tariff during IPO and e- Reverse Auction stage, the time of submission of bid will be the deciding factor for their ranking.
8. The elimination of the Bidders shall be done by the following method:
 - a. After the opening of Initial Price Offers, the system will rank the Bidders according to their price bids. The Bidder with the highest price bid in IPO stage will be called the H1 Bidder. The system will then analyze all the quantities offered by the Bidders in the IPO stage. If the total quoted quantity is greater than twice the Requisitioned Quantity, the Highest Bidder(H1) will be eliminated provided that the total quoted quantity after elimination is not less than or equal to twice the Requisitioned Quantity.
 - b. The Elimination process will be done for each of the requisition separately. One event may have more than one requisition.
9. The shortlisted Bidder after elimination will be intimated individually by system generated emails only.
10. The shortlisted Bidder after elimination will be intimated individually by system generated emails only. The Reverse Auction should start within 120 minutes of opening of Initial Price Offers and shall continue for a period of next 120 minutes.

Provided that during the last 10 (ten) minutes before the scheduled close time of e-Reverse auction, if a price bid is received which is lower than the lowest prevailing price bid recorded in the system during e-Reverse auction, the close time of e-Reverse Auction will be automatically extended by 10(ten) minutes from the time of the last price bid received. This process of auto

extension will continue till there is a period of 10 (ten) minutes during which no price bid are received which is lower than the prevailing lowest price bid.

11. During the Reverse Auction the Bidders will have the option of reducing the tariff quoted by them in decrements of one paisa or multiples thereof and to increase the quantum quoted by them by 1 MW or multiples thereof. During the Reverse Auction the prevailing Lowest Tariff would be visible to all the Bidders.
12. The Bidders will have the option to increase the quantum of power upto corresponding to the value of EMD submitted along with IPO, but decrease the Tariff during the e- Reverse Auction process.
13. The Bidder after the e-RA process will be ranked in accordance with the tariff offered in ascending order. The list would also include the name, quantum offered and tariff quoted by those qualified Bidder(s) who have not changed the quantum of power and tariff from IPO stage to e-RA stage. The Bidder(s), in order of their rankings, offering the quantum of power upto the requisitioned capacity would be the Successful Bidder(s). BRPL may procure power from the Successful Bidders in the order of their rankings decided on the basis of tariff quoted by them until the entire Requisitioned Capacity is met.
14. The Procurers shall have the right to issue Letter of Award (LoA) to the Successful Bidder(s) [Selected Bidder(s)] in the same order to fulfill its requirement, which can be lower than the Requisitioned Capacity but not less than the quantum of Lowest Bidder. In the event Procurer rejects or annuls all the Bids, it may go for fresh Bids hereunder.
15. In case BRPL fails to issue the LoA within bid validity period upto 31st March 2022(or extension thereof) from the close of e-Reverse Auction the Successful Bidder(s) shall have the option to exit without forfeiting the EMD.. In case the Selected Bidder(s) is allocated a quantity of power less than the minimum threshold quantum mentioned by it, it shall have the option to exit without forfeiting the EMD.
16. In case the LOA is issued but Selected Bidder(s) is/are not in a position to fulfill the requirement, being selected in another bidding process the EMD/CPG shall be forfeited as the case may be.
17. After selection, a Letter of Award (the “LOA”) shall be issued, in duplicate, by BRPL to the Selected Bidder(s) and the Selected Bidder(s) shall, sign and return the duplicate copy of the LOA in acknowledgement thereof. In the event the duplicate copy of the LOA duly signed by the Selected Bidder(s) is not received by the stipulated date, BRPL may, unless it consents for extension of time for submission thereof, forfeit the EMD of such Bidder as Damages on account of failure of the Selected Bidder(s) to acknowledge the LOA.
18. After acknowledgement of the LOA by the Selected Bidder(s), The Selected Bidder(s) shall not be entitled to seek any deviation, modification or amendment in the LOA. BRPL would appropriate the EMD of such Bidder as Damages on account of failure of the Selected Bidder(s).
19. The Procurer, in its own discretion, has the right to reject all Bids if the Quoted Tariffs are not aligned to the prevailing market prices.

O. BRPL's right to accept/reject the bid:

BRPL reserves the right to reject any or all bids or to accept any bid in full or part at its sole discretion without assigning any reasons whatsoever there off. For the avoidance of doubt, it is clarified that BRPL also reserves the right to alter the quantities of power/split the quantities of power as fully described, amongst more than one selected bidder for the same month.(the quantity will be awarded in the order of lowest to highest rate i.e. after exhausting bided quantum of lowest bidder considering transmission availability etc). The decision of BRPL shall be final and binding on the bidders in this respect and no further correspondence shall be entertained by BRPL in this regard.

P. Modification of the Bid Documents:

BRPL reserves the right to modify terms and conditions of the Bid Documents prior to the submission of the bid by the bidder by issuing amendment(s) and such amendment(s) shall formed part of bid documents.
