Stay Safe This Monsoon: Simple Tips to Prevent Electrical Hazards

The monsoons are here, bringing joy and cooler weather, but also increased risks of waterlogging and electrical mishaps. Follow these simple precautions to ensure a safe, incident-free monsoon season:

- **Avoid electrical installations:** Stay clear of poles, substations, transformers, and streetlights.
- **Keep children safe:** Warn them not to play near electrical installations, even if they are barricaded.
- **Dry hands first:** Never touch electrical appliances with wet hands.
- **Test before touching:** Use a tester if a switch or wall is wet. Call an electrician if you detect leakage.
- **Install an ELCB:** An Earth Leakage Circuit Breaker can help prevent shocks and accidents

SLASH BILLS, NOT COMFORT!

Replace Your Power-Hungry Appliances with Energy-Efficient 5-Star ACs & BLDC Fans @ Unbelievable Discounts
