

**Delhi's power demand is more than the combined demand of Mumbai and Chennai**

Delhi's peak power demand @7016 MW on July 10, 2018, was not the only record broken this year. BRPL' peak power demand, too hit an all-time high of 3081 MW. This was the 11th time this year; Delhi's peak power demand surpassed last year's all-time high of 6526 MW, showing robustness of BSES' distribution network. Infact, Delhi's peak power demand is more than the power demand of Mumbai and Chennai put together and thrice than that of Kolkatta.

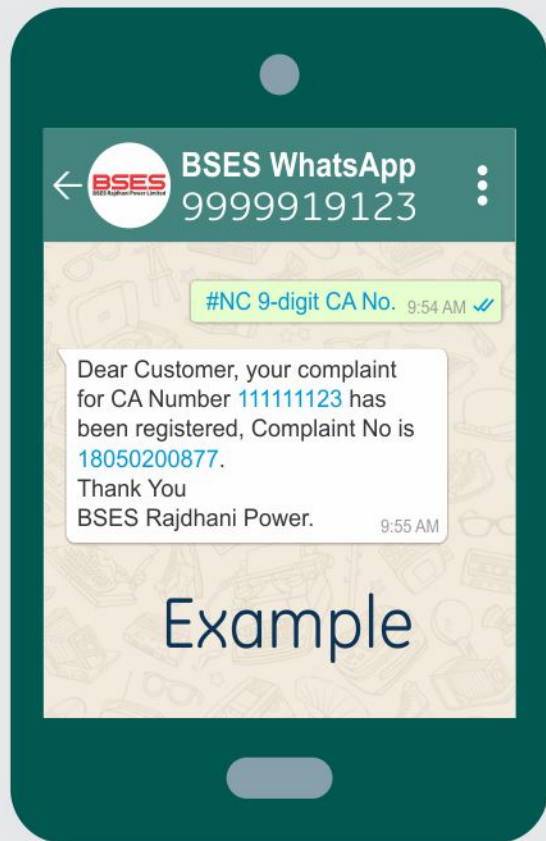

**Stay Safe; avoid flying kites near electric installations**

Kite flying is an integral part of the Independence Day celebrations in India. Sometimes this otherwise innocuous activity can be hazardous, even fatal at times. The wide-spread use of metal coated manjha – being a good conductor of electricity – poses a great danger not only to the person flying the kite, but also poses a risk to the electricity supply of an area.

- Metal coated manjha can lead to trippings and even electrocution
- Tripping of just one 33/66 KV overhead line can disrupt power supply to over 10,000 residents of an area and tripping of a single 11 KV line to over 2500 residents

**NOW USE WHATS APP TO REGISTER YOUR 'NO CURRENT' COMPLAINTS**

**BSES launches its new look website**

BSES has always been exploring newer options for making the consumer engagement more interactive & the experience enriching. As part of this exercise, we have revamped our website, which has several features making it more user friendly and incorporating several new features.

**Easy steps for prevention of Dengue, Chikungunya and Malaria**

- Don't allow water to accumulate around you, mosquitos breed in clean stagnant water
- Scrub, dry and clean water coolers weekly
- Change water of indoor plants/ containers for birds every week
- Keep lids of water tanks/ containers closed. Don't let water tanks overflow
- Use mosquito repellents/ mosquito nets to avoid mosquito bites
- Avoid mosquito bite by wearing full sleeve clothes

**Register 'No Supply' complaints through convenient options like Mobile App, Toll Free and Helpline Numbers**

**Toll Free 24x7**
