

Get rewarded for replacing your old AC with a new energy efficient 5-star AC

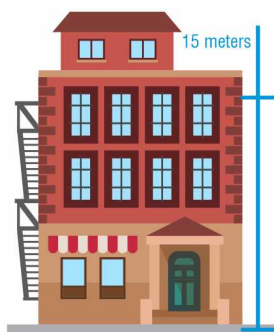

Have you replaced your old energy guzzling air conditioner with a new 5-star rated air conditioner (AC) at upto 54% discount? Under BRPL' AC Replacement Scheme – a limited period offer - only 10,000 ACs (both window / split) from leading brands (like Daikin, Blue Star, LG, Voltas and Godrej) are on offer.

These ACs can help you save upto Rs 7000 (908 units) and upto Rs 6050 (785 units) annually on Split and Window respectively. You can apply for the scheme on www.bsesdelhi.com or through the door step service. For queries, you can call 19123 / 39999707 or whats app 9267987354, which will be addressed within 72 Hrs.

Fire clearance certificate must for an electricity connection in buildings over 15 meters

For getting a new electricity connection in a building which is more than 15 meters in height, the applicant needs to provide a Fire Clearance Certificate. This is mandatory as per the DERC regulations and building by-laws of Delhi's Master Plan.

Cool tip: Every degree Celsius increase in AC temperature = ~ 6%* electricity savings

Do you know, air conditioning can account for 30-50% of a company's / household's annual energy costs? Increasing the air-conditioner setting by just 1 degree Celsius can save around 6% electricity. Therefore, for the most comfort at the least cost, set your AC thermostat between 24-25 degree Celsius.

From	To	Annual Savings Up to (Rs)	Annual Savings up to (%)
18 degree Celsius	24 degree Celsius	4814	33
	25 degree Celsius	5616	38
	26 degree Celsius	6419	43
