

8 EV Charging Stations installed in East & Central Delhi

Keeping better environment in mind, BYPL is promoting the use of electric vehicles. For this purpose, the discom has started facilitating the installation of battery charging stations for electric vehicles in East and Central Delhi. In last few months, 8 charging stations have been installed. 4 more such stations will be installed soon.

GO GREEN

It is estimated that for every 3000 sheets of paper, a tree is cut. It's your turn now to protect the environment by choosing E-bills.

BYPL energises - 500 roof top solar connections

In a short span, BYPL has energised around 500 rooftop solar connections – with a connected solar load of over 21 MW – in East and Central Delhi. Consumers across categories, including residential and CGHS, have warmed up to roof top solar net metering in big-way. It is an ideal method to reduce electricity bills and do your bit for the environment. To go solar, call 19122 or logon to www.bsesdelhi.com.

Delhi crossed last year's peak winter power demand on 25 days

This winter broke many records as far as power consumption was concerned. During November-December-January, Delhi's peak winter power demand, not only made a new record of 5343 MW, but also crossed last year's peak winter power demand (of 4472 MW) on 25 days (8 days in December 2019 and 17 days in January 2020).
