

35% of electricity consumption at EV charging points across India is in BSES area!

BSES has made a significant contribution by facilitating the installation of nearly 3000 EV charging points at over 1000 locations across Delhi. The positive impact of these efforts is evident in the energy consumption at EV charging stations.

EV charging stations as the Central Electricity Authority (CEA) for FY22-23:

- Consumed 205 Million Units (MUs) of electricity nationally
- Delhi accounted for over 55% of this consumption, utilizing 113.43 MUs
- Consumed 73 MUs (BRPL 47.12 MUs, BYPL 26 MUs) across BSES area
- 35% of the country's electricity consumed at EV charging stations is in BSES area
- 65% of Delhi's electricity consumed at EV charging stations is in BSES area

Follow simple tips to stay safe during the rainy season

Much to everyone's delight, Monsoons are here again! With them, Monsoon also brings with itself, its own set of unique problems and issues due to water-logging. Chances of electricity related mishaps and incidents are especially high during the monsoon season. Simple precautions will help you stay safe and go a long way in ensuring incident free monsoons.

- Stay away from all electrical installations like electricity poles, sub-stations, transformers, streetlights etc
- Caution children not to play near them, even if they are barricaded.
- Do not touch electrical appliances with wet hands
- Keep a "Tester" at home. If a switch or a wall of your house is wet, do not touch it. First use the "tester" to check if there is an electricity leakage. If the need be, call your electrician.
- Install an Earth Leakage Circuit Breaker (ELCB) to help avoid shocks and mishaps.

SAFETY FIRST Get an ELCB installed

It is mandatory for consumers having electricity load of 2 kW & above*

ELCB (Earth Leakage Circuit Breaker) is a simple yet a very useful device that detects earth leakage, automatically tripping and disconnecting the electricity supply to the premises/equipment, thus preventing serious mishaps

*Under section 42 of the Central Electricity Act (CEA) Regulation 2015
