

Cool Roof Cool Delhi: BYPL sets new benchmark in energy efficiency

Under its CSR Srishti initiative, BYPL has launched the pioneering "Cool Roof Cool Delhi" project, setting a new benchmark in energy efficiency. Over 77,000 sq feet of roof space, including the rooftops of Maharaja Agrasen College (University of Delhi), Asha Daan (Mother Teresa Home for Destitute Women), and Shaheed Rajguru College of Applied Sciences for Women, have been painted with white reflective paint, certified by GRIHA & IGBC.

Taking a bold step against the urban heat effect, BYPL has become the first discom to champion white roof projects for public buildings under CSR. By turning vast urban rooftops white, we are not just cooling down individual buildings but combating the rising temperatures of our cities. Together, we are making Delhi cooler.
