

# SPARSH

...enlightening lives

## CSR NEWSLETTER

DECEMBER - 2025

### Greetings from the Sparsh family!

At BYPL, our greatest strength is the trust and collaboration we share with our communities. More than a newsletter, *Sparsh* celebrates our journey of impact, inclusion, and sustainable progress across communities.

As 2025 wraps up and we welcome 2026, December emerged as a month of remarkable achievements and meaningful impact. During this period, 27 Indian Army veterans successfully completed training in Advanced Drone Operations and Solar PV installations, while the Seniors' Shopee initiative showcased handcrafted products by senior citizens and encouraged them to lead independent lives.

Over 500 students embraced opportunities at the Basketball Academy, and festive celebrations brought joy to underprivileged children and senior citizens. During the month, initiatives also enhanced learning spaces for 1,200 students, supported 105 individuals through de-addiction programs, and strengthened animal welfare across East Delhi.

This edition of *Sparsh* celebrates collective impact and ushers in 2026 with hope and renewed purpose.

Happy Reading!

## BSES Empowers Veterans with Drone Certification

BSES hosted a certification and felicitation ceremony at Delhi Cantt, honoring 27 Indian Army veterans who successfully completed Extensive Training in Advanced Drone Operations and Solar PV Installation.

Since its inception, these initiatives have trained over 300 Indian Army veterans, reflecting BSES' commitment to upskilling the Indian Armed Forces and promoting technological excellence. Programs like these, equip our heroes with advanced skills, empowering them to soar to new heights.

## Powering Dreams on the Basketball Court

Blending education with athletic excellence, BSES strengthened its youth outreach by inaugurating a Basketball Academy at Rajkiya Sarvodaya Kanya Bal Vidyalaya, West Vinod Nagar on 16 December. The academy will offer structured, professional basketball training to over 500 students, nurturing discipline, teamwork, and a strong sporting foundation at the grassroots.

Taking this momentum forward, the Dribble Academy Foundation hosted a seven-day Winter High Performance Basketball Camp at Mayoor School, Jaipur. 10 emerging players from the BSES Basketball Academy participated and received advanced coaching, performance-focused training, and competitive exposure.

## Well-being and Festive Cheer at Seniors' Abode

The BSES team, led by Sh. Pareekshit Bhardwaj, Chief Network Operations, celebrated the creativity and entrepreneurial spirit of seniors at BSES Seniors' Abode through Seniors' Shopee, an initiative that showcases their handcrafted products and empowers them to lead independent, fulfilling lives.

The festivities continued with a joyful Christmas celebration, bringing together BSES employees and underprivileged children. The occasion also featured a special eye care camp, offering free screenings and spectacles, highlighting BSES' commitment to well-being, community care, and inclusive engagement.

## Bringing Sight and Smiles to Seniors

Through free eye-screening camps at Shakarpur Gaon, Pandav Nagar, and Fatehpuri Shelter Home, BYPL provided need-based spectacles to senior citizens. Over 1,174 lives were brightened, reflecting BYPL's commitment to health, care, and community well-being.

## BYPL Champions Sustainable, Focused Learning Environments

BYPL's Cool Roof projects at Nand Nagri and West Vinod Nagar schools are transforming classroom experiences for nearly 1,200 students. By reducing indoor temperatures, the initiative creates comfortable, healthy, and focused learning environments, while promoting energy efficiency and sustainable school infrastructure.

## Smoke-Free, Stress-Free: BYPL's Drive for a Healthier Tomorrow

Through its de-addiction camps, BYPL supported 105 individuals in Seelampur and Tahirpur on their journey to a tobacco-free life. The program emphasizes awareness, well-being, and lasting lifestyle changes, reflecting BYPL's commitment to community health and empowerment.

## Stray Welfare, Community Safety – Powered by BSES

As part of the Animal Birth Control and Anti-Rabies Vaccination project, 1,523 dogs in East Delhi were sterilized, vaccinated, and microchipped. Through this initiative, BSES not only safeguards animal welfare but also enhances public safety, strengthens community well-being, and fosters a healthier, more harmonious society.
