CSR NEWSLETTER

JULY - 2026

This edition of **SPARSH** highlights the spirit of innovation, excellence, and compassion driving our CSR journey. At BYPL's Atal Tinkering Lab, young innovators presented their ideas at a Student Project Showcase, offering practical solutions to real-world challenges. On the court, BSES Basketball Academy athletes secured six podium finishes at the Zonal Basketball Championship. In healthcare, BYPL donated ABPM machines to VMMC & Safdarjung Hospital, supporting better paediatric diagnostics and child healthcare.

Step inside to discover these stories and many more, as we continue our unwavering mission to power progress and transform lives across communities.

BSES Basketball Academy Players Secure Six Podium Finishes

BSES Basketball Academy participated in the Zonal Basketball Championship organised by the Directorate of Education, Government of Delhi. A total of 156 players competed across the U-14, U-17, and U-19 categories. Players from IP Extension, West Vinod Nagar, and Begumpur showcased their sporting talent, securing six podium finishes.

Sarvodaya Co-ed Vidyalaya, Begumpur, won the U-17 Boys and U-14 Boys categories and finished 3rd in the U-19 Boys and U-14 Girls categories. Sarvodaya Co-ed Senior Secondary School, IP Extension (Patparganj), finished 3rd in both the U-14 Boys and U-14 Girls categories.

BSES Officials Interact with Artisans at Uttam Nagar Handloom Centre

Senior BSES officials — Shri Suresh Agarwal, Company Secretary, BYPL, and Shri Pankaj Tandon, Company Secretary, BRPL — along with the CSR team, visited the Handloom Centre in Uttam Nagar to review its operations and interact with the artisans. During the visit, the team observed the ongoing activities and craftsmanship of the artisans, and discussed ways to further strengthen the project.

Eighth Batch of Army Veterans Completes Solar PV Installation Training

The eighth batch of 29 Indian Army Veterans has successfully completed the Solar PV Installation Training programme, taking the total number of trained participants to over 200. This milestone reflects the continued growth and impact of the initiative in creating new opportunities for veterans in the renewable energy sector.

The training equipped participants with hands-on skills in structural mounting, electrical installation, wiring, and safety practices, enhancing their technical expertise and employability. Till date, the initiative has empowered 459 veterans, including 176 trained in solar installation and 283 certified in drone pilot operations.

From Classroom to Real-World Solutions: BYPL's ATL Showcase

BYPL hosted a Student Project Showcase, where students presented their projects to BYPL officials. The event was organised under BYPL's Atal Tinkering Lab (ATL) Adoption Programme. 24 students from six schools presented 12 innovative models using STEM, AI and Internet of Things (IoT) to address real-world challenges.

The exhibits included a smart dam and earthquake alert system, smart lighting solutions for the elderly and persons with disabilities, disaster rescue robots, and other technology-driven solutions focused on safety, sustainability and everyday challenges.

A team of senior officials from BYPL, led by Shri Santosh Kumar, COO, interacted with the students, sharing insights that left a lasting impression and encouraged them to keep exploring and innovating.

BYPL Strengthens Paediatric Diagnostics with ABPM Machine Donation

BYPL donated two Advanced Ambulatory Blood Pressure Monitoring (ABPM) machines to the Department of Paediatrics at Vardhman Mahavir Medical College (VMMC) & Safdarjung Hospital. The equipments will help doctors monitor blood pressure in children more accurately and improve diagnosis.

The equipment was handed over to VMMC and Safdarjung Hospital in the presence of Dr. Kavita Sharma, Director, and Dr. Charu Bamba, Medical Superintendent, and representatives from BYPL.

Youth Trained in Digital Marketing, Food Handling and Garment Making Skills

As part of the Vocational Skills Training Programme for youth, a certificate ceremony was held on July 10 to recognise 28 students who completed their training.

During the month, new training batches also began in key vocational areas, including Digital Marketing, Food Product Handler, and Advanced Garment Making. These courses aim to equip young people with practical, industry-relevant skills and improve their opportunities for employment and entrepreneurship.
