**BYPL CEO Ramesh Narayanan now
Chairman Power T&D Committee PHDCCI**

The PHD Chambers of Commerce & Industry (PHDCCI) has appointed BYPL CEO Ramesh Narayanan as

the **Chairman of their Power Transmission and Distribution Committee**. This new committee has been formed in recognition of the importance of T&D in India's growth.

Mr. Narayanan, recently addressed participants at the PHDCCI National Conference on Corporate Growth, Governance and Inclusion on February 11, 2012 at The Ashok, New Delhi.

PHDCCI, established in 1905, serves 12 North and Central Indian States and UT of Chandigarh with direct and indirect membership of 4500 members.

For hassle free water pumping needs and reduction in your electricity bills BYPL introduces 'REAP' Renewable Energy Assisted Pump.

The REAP system is an easy to install submersible / surface pump connected to a water tank with a specially designed motor powered by a solar panel.

REAP a green power solution is capable of meeting the water storage and pumping needs of users in both rural and urban India.

REAP is the result of a 'research and technology' MoU signed between BYPL and the Indian Institute of Technology (IIT) – Delhi, in 2010.

The 1st REAP system to be installed in Delhi was unveiled on January 22, 2012, by the Hon'ble Chief Minister Smt Sheila Dikshit. Others present on the occasion included Union Tourism Minister & Chairperson All-India Panchayat Parishad Shri Subodh Kant Sahai, Member of Parliament (Lok Sabha) from East Delhi Shri Sandeep Dixit, Delhi Power Minister Shri Haroon Yusuf and Delhi Power Secretary Shri Parimal Rai.

To know more log on to You tube and watch the special film: REAP – the Sun! For enquires please call 399 99 808 ask for REAP.
