

BYPL wishes all customers Happy Holi, Baisakhi & Easter!

We wish all students
All the best
for the exams!

Delhi CM unveils BYPL 'Smart Grid Solution' - MIDAS

BYPL' foray into R&D in the power distribution business has resulted in the development of MIDAS (Modular Integrated Distribution Automation System).

It was unveiled by Hon'ble Chief Minister of Delhi, Smt Sheila Dikshit on February 11, 2013. MIDAS allows for predictive remote monitoring of the health of 11 KV network equipment, quicker location of faults and even predicts faults prior to their occurrence. This will not only substantially reduce the time taken to address local faults at the locality level, but also improve the quality of power

For its pilot project, BYPL has tested out MIDAS, at the local 11 KV level in over 20 transformers situated in the Group housing societies in the IP Extension area. In the coming months, MIDAS will be rolled out in Mayur Vihar Phase 1-2 & 3 that has over 200 cooperative group housing societies.

Bill payment available on Sundays too

Bill payment facility at all 14 division offices are open 8AM-8PM on all days, including Sundays. All customers are requested to clear all outstanding payment and enforcement dues to avoid inconvenience.
