Monsoon Advisory

Much to everyone's delight, Monsoons are here again! With them, it also brings its own set of unique problems and issues due to water-logging. Chances of electricity related mishaps and incidents are especially high during the monsoon season. Simple precautions will help you stay safe and go a long way in ensuring incident free monsoons.

-  Stay away from all electrical installations like electricity poles, sub-stations, transformers, streetlights etc.
-  Caution children not to play near them, even if they are barricaded.
-  Do not touch electrical appliances with wet hands.
-  Keep a "Tester" at home. If a switch or a wall of your house is wet, do not touch it. First use the "tester" to check if there is an electricity leakage. If the need be, call your electrician.
