## Bimla Devi

60 years old, r/o JJ Camp Anand Vihar - "We are a family of five and our financial condition is weak. Two of my married daughters also stay with me. I used to make a living by selling momos, but was left with no work at the time of lockdown. We all were worried as to how we would survive as we didn't have money to buy masks, soaps and most importantly sanitary napkins. But then our neighbours informed us about the hygiene kits being distributed by BSES near primary school. I rushed to the spot and was given a kit with soaps, masks, toothpaste, toothbrush, sanitary napkins etc. My daughters heaved a sigh of relief on seeing the items. My family and I would like to thank BSES Yamuna Power Limited."

## Mohd. Irshaad

Maulvi, Maidan Wali Masjid, Lal Kuan - "BSES Yamuna Power Limited had installed fire extinguishers at the Maidan wali masjid and taught us how to use them. Recently there has been a fire in the wires outside the masjid. As an emergency measure, we used the fire extinguishers to douse the fire and averted a major calamity. We are thankful to BSES for providing fire extinguishers at all places of worship. It is a good initiative by the company."

## Nishi Bansal

23 years old, r/o Dilshad Garden - "I am eternally grateful for being awarded the BYPL SASHAKT scholarship for the academic year 2021-22. I promise to do my best and work to the best of my abilities. Thank you again."

## Ankur Singh

"I want to tell my children that I am literate now. After coming to Mandoli jail, I thought my life was over. I was on the verge of depression. But life has given me a second chance through 10th class tuition which are being conducted in the premises. I had left studies as a child due to financial limitations. Education has made me hopeful that all is not over and I have full faith in the judicial system. I used to get Rs 16000 as bus driver before I came to Mandoli jail, but if I clear the 10th class exams, my salary will be Rs 25000 once I get out of here. I am grateful to the BSES Yamuna Power Limited and my teachers from SOFIA who are helping me give direction to my life"
